## **DETAILED ACTION**

### ***Response to Arguments***

1. Applicant's arguments, see page 6, filed 20 February 2007, with respect to all pending independent claims have been fully considered and are persuasive. The previous rejection of all claims has been withdrawn.

### ***Allowable Subject Matter***

2. Claims 5, 17, 20 and 27 are allowed over the Prior Art of record.

3. The following is an examiner's statement of reasons for allowance: The primary reasons for allowance of independent claim 5 is the inclusion of the method step limitations for installing a VOC monitoring station for sampling soil gas in the subsurface under a facility including two major portions, a securing member and a monitoring station which is positioned within the securing member, the securing member, along with other limitations/method steps recited, is expanded to engage with a wall of the surface penetration. As to independent claims 7 and 27, the primary reasons for allowance is the inclusion of the limitations of a soil probe including threads on the securing member interacting with an interface on a threaded neck of a mounting plate in combination with the other recited limitations (claim 7) and the inclusion of a plurality of turning recesses interacting with turning pins (claim 27). As to independent claim 20, the primary reasons for allowance is the inclusion of the limitations of a soil probe including a locking aperture in a monitoring port cap along with a sampling adapter, all in combination with the other recited limitations. The closest Prior Art reference is US 2001/0035057 to Jackson et

al., which discloses a soil sampler and method, however, alone or in combination with other Prior Art references, fails to teach or disclose all of the specific limitations recited above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
